

BOROS B2

Strong grip and quick closure.

The BOROS B2 fire fighting boot combines great adjustability via the lacing with the rapid closing time of a zipper. Combining both systems produces a boot that has a strong grip but couldn't be easier to pull on or off. Once adjusted, the BOROS B2 sits firmly on the foot in seconds.

Custom fit thanks to 2-zone lacing

The special 2-zone lacing allows individual width adjustment of the foot and shaft areas. The BOROS B2 retains the selected fit thanks to the cord tightener, allowing you to tighten or loosen the boot extremely quickly and easily using the zipper.

Benefits at a glance:

- Great adjustability
- Simple to use
- Easy to pull on and off

BOROS B2

Strong grip and quick closure.

What makes BOROS boots different?

- **Breathable shaft end** to ensure the boot feels pleasant inside
- **Water- and dirt-repellent premium bull hide leather with reflective surface** (reduces the heating up in the sun)
- **Toe and heel caps made from thermoplastic polyurethane (TPU)** protect against wear and tear
- **Optimally dimensioned steel cap** to protect the toes
- **Antistatic composite material** ensures resistance to static electricity
- **Integrated steel anti-perforation protection**
- **3M reflective strips** for increased visibility
- **Ankle protection: special memory foam** around the ankle area for maximum protection against impact
- **Michelin outer sole** for maximum anti-slip protection
- **Pull-off aid** for added comfort when removing the boot
- **Name label** for clear identification
